- 

### 1. Registration

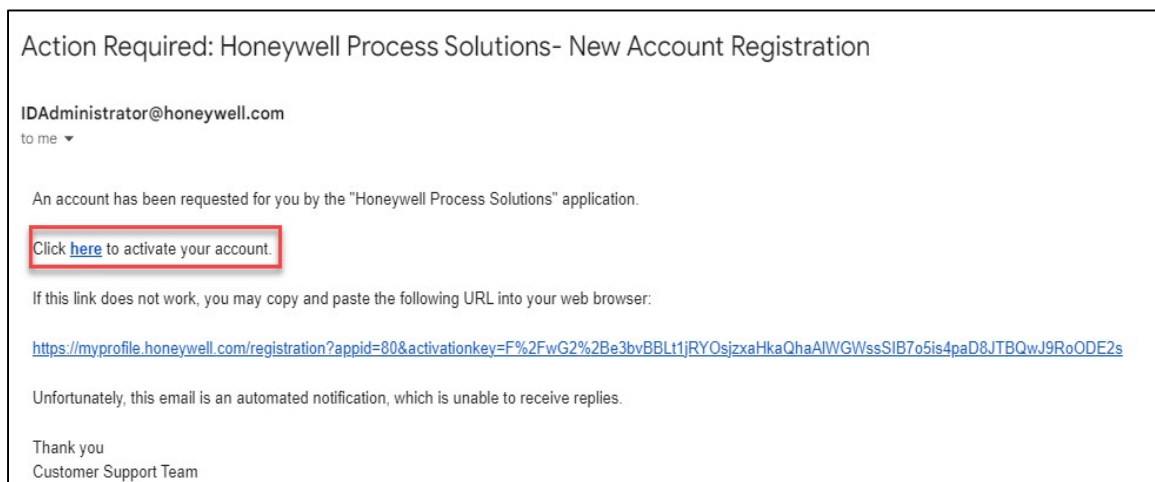

- a. To create an account, navigate [process.honeywell.com](http://process.honeywell.com) and click the “Sign In” button on the top/right menu.

- b. Select: Create an account
  - i. NOTE: if you are already registered on another Honeywell system or portal, you will be prompted through the [Simplified Registration Process](#).
- c. Fill out the registration form.
  - i. Reference the Character Count/Requirements in the Quick Tips section of this document.
  - ii. **NOTE:** please ensure you use a company email address with a company domain name
  - iii. If you would like to request buyer access at the same time as you register, you can click the “request buyer access” checkbox just before you submit the form.

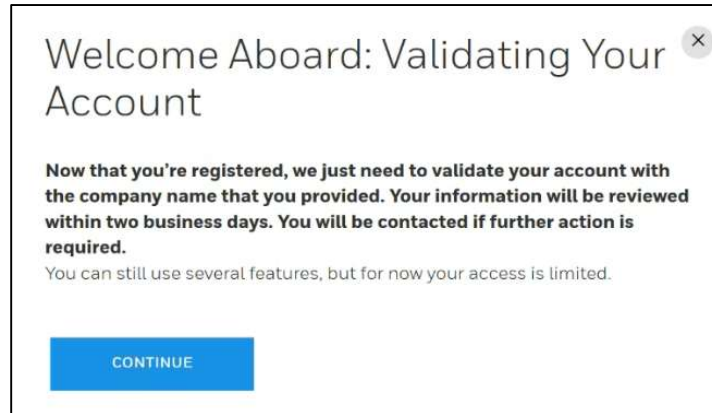

2. **Receive email link:** When you first register for a new account, you will receive a confirmation email to follow a link and confirm your account.
3. **Activate:** Click on the word “Here” in the email to activate your account.
  - a. You will be taken to a URL to enter your username & password
  - b. **NOTE:** *Be SURE to click the link in the email you receive! Otherwise, your account will not fully be setup and it will require additional time/manual intervention to finalize your registration.*
  - c. Once you click the link, the confirmation page will include your registration details such as your name, email, address, etc.
  - d. Click “Create Account” at the bottom of the page and you will be taken to a Sign In Screen.

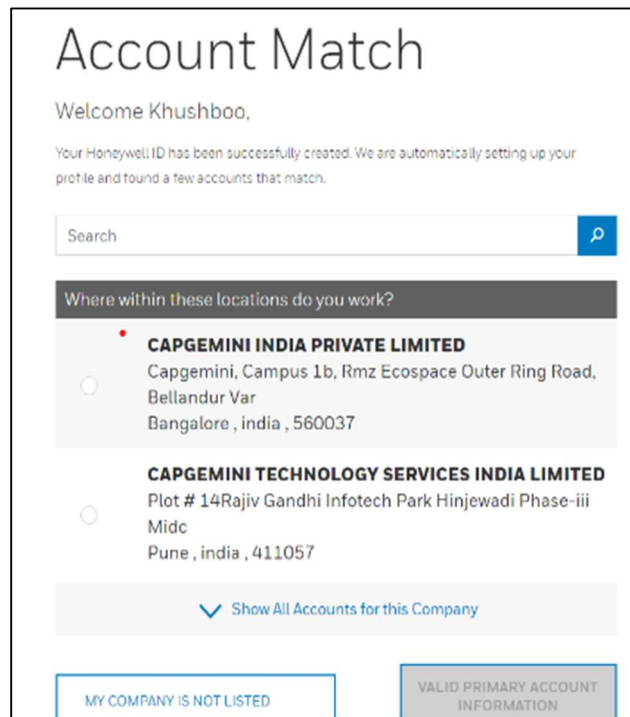

**NOTE:** when you attempt to login right away, you *might* immediately be logged off and see this error message. *This depends on a setting in our backend.... This is completely normal – it can take 24-48 hours for your account to be fully set up.*

However, you *should* see this popup when you first login:

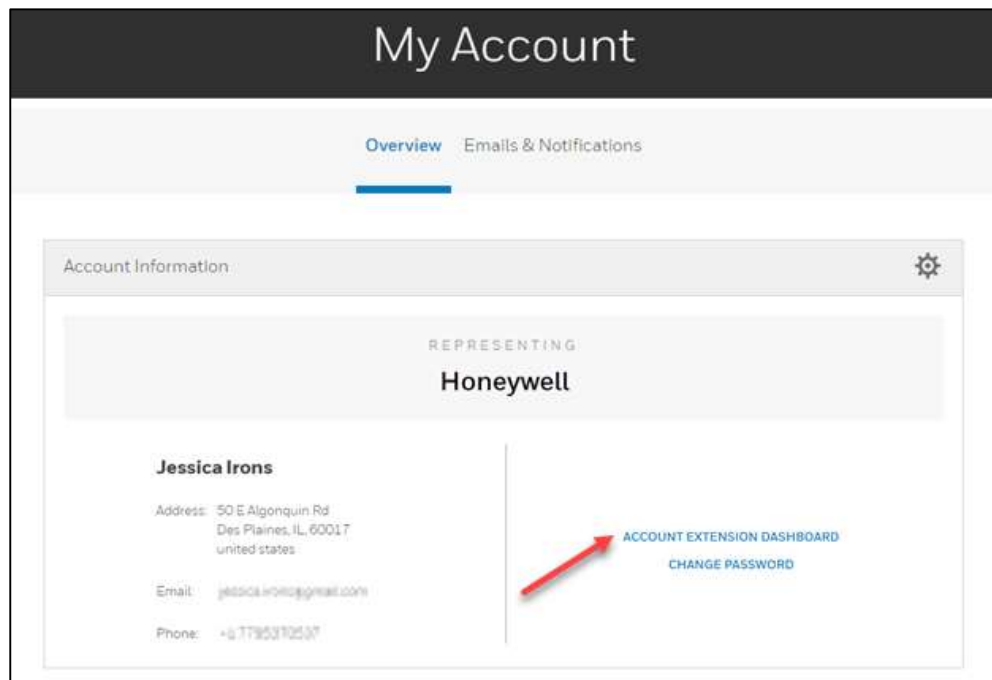

4. **Select Primary Account:** Once your account is created, you can log in.
  - a. NOTE: for security purposes, we have enabled MFA (Multi-Factor Authentication), so you will be asked to input a code from an email when you first log in.
  - b. Once you are logged in, you will be prompted to select an account. If Honeywell has record of you in our database, you will be prompted to select an account from a list provided. The list is provided based on your email domain.
  - c. If several are listed and one is the right Company/HQ, but not the right address, please choose the HQ. This will help ensure a timelier approval of your request/buyer access.
  - d. This will set up the chosen account as your “default” account.

- e. If you need access to additional accounts, after you’ve selected your primary, you can click on the drop-down menu by your name at the top of the site and select “My Account”.

- f. Once on the Account Page, select the “Account Extension Dashboard” link next to your name

5. **Web Team Finalizes Your Registration:** Once you have selected your primary account, the HPS Web Team will get your account fully setup and you will receive an email when your registration is complete.
6. **Congratulations!** You now have a Honeywell Process Solutions account!

**MyHPS Registration Complete**

Dear Jessica Irons,

Welcome to MyHPS!

Here are just a few of our most popular tasks:

- 
**Search MyHPS or Services & Support**  
 A top-level search in MyHPS or Services & Support will help you quickly find relevant Knowledge Articles, Support Cases and other documentation to help you get information or solve problems.
- 
**Get Knowledge Articles**  
 Honeywell's extensive collection of Knowledge Articles is available for search and download. This important repository provides self-help for information and technical solutions. Articles can be found by Product, Product Family, Article number or keywords.
- 
**Get Product Documentation**  
 Honeywell's comprehensive library of product documents is available online. This includes published documentation, support newsletters, notifications, and security updates. Our intuitive search engine lets you find the publication you need by Product, Product Family, Document number or keywords. You can choose to be alerted when new documents are added to the library.
- 
**Get Technical Support 24/7**  
 If you can't find what you need by searching our Knowledge Base, Documents or existing Support Cases you can raise a Support Request online at any time or contact one of our Customer Support Centers around the globe.

**Tips:**

To get access to these applications and others, browse the [MyHPS](#) site or visit [My Account](#)

**NOTE:** Depending on the account type, you might get emails mentioning you have been added to different community groups in SFDC. You can unsubscribe by click the link in the name of the group on the emails you receive.

**7. Case Closure email:** Once your registration is completed, you will receive an email notification that your support case for User Creation is being closed.
