

MANUFACTURING EXCELLENCE PLATFORM FOR LIFE SCIENCES

Powerful platform accelerates innovation in life sciences manufacturing

MANUFACTURING EXCELLENCE PLATFORM CLEAR INSIGHT INTO WHAT'S HAPPENING NOW AND WHAT'S HAPPENING NEXT

SYSTEMS INTEGRATION

Integration with ERP, QMS, LIMS, DCS and other systems.

COMPLIANCE & VALIDATION

Streamlines validation and ensures process and data security.

INTELLIGENT OPERATIONS

Provides end-to-end production visualization.

REAL-TIME INSIGHTS

Identifies progress and delays relative to your reference batch.

BATCH HISTORIAN

Contextualized data history for reporting and analytics

DIGITIZE WORK PROCESSES

Eliminates costly errors inherent in paper-based systems.

MODULAR DEPLOYMENT

Starts small and scales easily across production lines and sites.

FASTER BATCH RELEASE

Reduces operator actions and signatures.

SOLVE TODAY'S CHALLENGES AND ACCELERATE INNOVATION

ACCELERATE INNOVATION

- DIGITIZE
- BECOME AUDIT READY
- INTEGRATE DATA ACROSS SYSTEMS

GET REAL-TIME INSIGHTS

- ORCHESTRATE WITH END-TO-END VISIBILITY
- PUT DATA INTO CONTEXT
- ROLE-BASED ACCESS AND INFORMATION

ACHIEVE CONTINUOUS IMPROVEMENT

- ENABLE DATA ANALYSIS
- POWERFUL HISTORICAL DATA
- REVIEW BY EXCEPTION ACCELERATES BATCH RELEASE
